Selected As Va. Exchange Student of '52

LYNCHBURG, April 27—Richard Kelly Martin, 19 year-old son of Mr. and Mrs. John G. Martin of Rt. 3, Lynchburg, has been named Virginia's 1952 international farm youth exchange delegate.

He is expected to sail from Montreal, Canada, on June 19, and will go to France. There he will be placed on farms where he will live and work as a member of the French farm families.

The IFYE program was inaugurated after World War II as a means of furthering understanding and cooperation between countries. In Virginia the project has been sponsored by the 4-H clubs, and aided financially by many organizations and individuals.

In 1948, 17 United States delegates went to seven European countries

and six exchangees came to America. From that modest beginning, the exchange has grown until, with the completion of the 1951 exchange, 165 delegates from the United States have participated, and 139 exchangees have come to this country from foreign countries.

This year, there will be about 125 exchanges of farm youths between the United States and the 29 foreign countries participating.

Martin, who is a second-year ministerial student at Lynchburg College, is a graduate of Concord high school, where his grades for four years averaged 94.3. In 4-H club work, he conducted 13 projects during his seven years as a member. He held various offices in the organization and has served as president of the

Virginia has one other 4-H'er participating in the program at the present time. She is Cora Marie Blachmore, of Princess Ann, who is in Australia.

These IFYE delegates, who are known as "grass-roots ambassadors" are chosen on the basis of their farm background, travel experience, personality, and scholastic and farm youth organization work.

Martin was recommended by Carey Carson, assistant Campbell County agent, who says the young ministerial student "has what it takes to be a good ambassador of democracy."

Commenting on his nomination, Martin says "I am humble .. and thrilled to be able to help in some way in promoting understanding in the exchange of ideas in living with persons of another country. It is a serious challenge and responsibility, but I shall do my best to represent my country."

The program in Virginia is under the supervision of the Agricultural Extension Service at VPI, which works with the National 4-H Club Foundation, the State Department, the Office of Foreign Agricultural Relations and other national organizations in choosing the delegates.
